### ABOUT THE SPEAKER

**Arquímedes Valencia.** Arquímedes Valencia was introduced to Herbalife by his brother Socrates, who recommended he begin using the products to manage his weight. After seeing great results, he took advantage of the business opportunity – first working part time and then full time. Eventually, he met his wife, who was also a Distributor, and they're now the happy parents of six children. Arquímedes continues to work his business and today enjoys consistent success.\*†

\*Incomes applicable to the individuals (or examples) depicted and not average. For average financial performance data, see the Statement of Average-Gross Compensation for U.S. Supervisors at [www.herbalife.com](http://www.herbalife.com) and [www.myherbalife.com](http://www.myherbalife.com).

†An extensive questionnaire generated responses from more than 200 U.S. Herbalife Independent Distributors about their weight-loss programs and results. They reported weight loss ranging from 4 pounds to 167 pounds and a reduced body mass index (BMI) of 1.5 points to 24.1 points, suggesting that consumption of Herbalife® products is associated with weight loss and improvement in BMI in those ranges.
